MARKET SEDIMENT

The bears are definitely in charge... As you can see from the Fear and Greed Index, we are at extreme fear. My advice is to continue to learn and embrace this time. If you are in the position to buy, stack more coins. You want to Buy when there is Fear and Sell when there is Greed!

Choose your coins wisely!

*As a general rule, **buy** when there is **fear** in the market and **sell** when there is **greed**.*

RIPPLE (XRP)

The price of Ripple (XRP) was slightly up this past week. Currently trading at \$.67 USD. XRP was up about 5 cents for the week. The SEC lawsuits continues....Not much information coming out.
