HOW TO VALUE CRYPTOCURRENCIES

With all the craziness going on in our world, there is constant talk of coming cyber-attacks. Keeping your work environment safe should always be top of mine. Here are three things you can do to secure your environment.

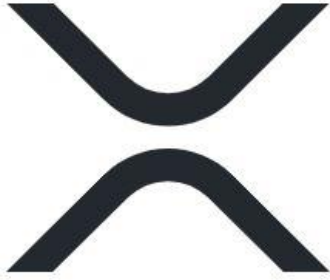

1. Create a strong password
2. Use a VPN
3. Always use the two factor authentication.

Here is a quick video on security at MonieStorm - [Security Overview](#)

Choose your coins wisely!
